

**"STOP
& CONSIDER
THE WONDROUS
WORKS OF
GOD"**

(Job 37:14)

By

Julia Fernandes

There are many skeptics who doubt Biblical phenomenon and question its scientific worthiness. This e-book is a humble attempt to shed scientific insights on the wonderful works of God as revealed in the Bible.

WE ARE MADE FROM EARTH

“But a mist went up from the earth and watered the whole face of the ground, then GOD formed man of dust of the ground, and breathed into his nostrils the breath of life; and man became a living being.”

Genesis 2:6-7

Adam comes from the Hebrew word ‘adamah’, which means earth. The above scripture clearly indicates that when the ground was wet due to the mist (there was no rain at that time), Adam was formed. **Which means man is made up of water and dust and that mixture is clay as the Bible confirms it in:**

“Remember that thou hast made me of **clay**; and wilt thou bring me into dust again?”

Job 10:9

Around 60 percent of the human adult body is water. The elements (minerals and materials) found in a human body are similar to the elements found on the surface of the earth. 90 percent of the mass of human body comprises of oxygen (65 percent) which is abundantly found on the earth’s crust.

The 59 elements found in the human body are all found on the earth’s crust and the mineral nutrients which are needed by our body are all located on the earth’s crust.

It's not just dust, but the complexity with which we have been put together (cells, DNA, order, organs, function) that defies evolutionary claims of universe and life forming by random chance.

Image source: From Dust to Man: A Scientific Proof by E Soriano

CHIRALITY: HAND OF GOD IN CHEMISTRY

All living beings on earth have proteins made up of left-handed amino acids and DNA that consists of right handed nucleic acids. Though they exist in mirror images (left and right hand forms), only left handed amino acids have been chosen in the making of proteins that lead to its basic RNA and DNA though nobody knows why.

It is called chirality, which means handedness, such as our hands. This left-right chirality is important for proteins and enzymes to work and for DNA to function.

Chirality, Image source: Wikipedia

When amino acids are created in a laboratory, the result is a 50:50 mixture of left and right-handed molecules. Such synthetic proteins do not work because they do not have the chirality that exists in natural living organisms.

When molecules come together it is this very chirality that lends DNA its twisted shape. If even one molecule has the wrong chirality DNA would malfunction. Imagine billions of molecules in the perfect chirality!

“Behold, I have carved you on the palm of my hands.” Isaiah 49:16

While the above scripture captures the design of creation poetically, scientifically only a Supremely Intelligent Being can create such molecular intricacy. The very basic structure of life has been carved on left handed shaped amino acids and right handed shaped sugars, clearly proving that we are, indeed, carved on the palm of His hands.

The GOD that you pray to knows HIS Chemistry & Biology

Note for left Handers: Deep down we are all lefties because God chose lefty molecules to form life on earth. So, though this fact continues to baffle science, remember, ALL life as created by God, is inherently left-handed. Use and share this fact to remove the bias towards left handed people.

GOD PERFORMS THE FIRST SURGERY

God had just about finished creation when He had to perform his first surgery on Adam to create Eve. He induces Adam into a deep sleep; not a regular sleep.

I will make him a helper suitable for him. And YHWH God caused a deep sleep to fall upon Adam, and he slept:	Genesis 2:21
--	--------------

WHAT IS THIS DEEP SLEEP?

The deep sleep is probably the first and ancient instance of anesthesia that we come across. Sir James Young Simpson, one of the pioneers of modern anesthesiology discovered Chloroform in 1847.

During that time theologians objected to it by terming it as against scripture. That is when Simpson, a devout Christian, quoted from the book of Genesis to explain how God put Adam into a 'deep sleep' to create Eve. His research was inspired by the 'deep sleep' that God put Adam into.

That makes GOD the world's first Anesthetist

HE CREATES EVE

"...and he took one of his ribs, and closed up the flesh instead thereof; And the rib, which YHWH had taken from man, made he a woman...	Genesis 2:21-22
--	-----------------

WHY RIB?

Out of the 206 bones in a human body only one bone has the capability to regrow and regenerate if removed in the right surgical manner. And that bone is the rib.

Rib is one of the flat bones that contain bone marrow – a soft tissue located inside a bone. Marrow is not present in all bones but in some donor sites such as brain, rib, pelvis, vertebrae to name a few.

Ribs contain hematopoietic (which can produce red blood cells) bone marrow that also contains stem cells, cells capable of becoming other cells such as brain cells, heart cell, etc.

God did not feel the need to create Eve all the way again from the dust because Adam had all the basic information present in his DNA.

What tools God used we do not know. Did He use HIS **Word** which we know is **alive** and **active**, **sharper** than a double edged weapon, **dividing** soul and spirit, **joints** and **marrow**? His word can even divide **marrow**!

He used Adam's rib that contains bone marrow and stem cells to regrow an entirely new human being. Today, Science is exploring the regenerative therapies of stem cells in bone marrow to grow organs.

But GOD was the first to pioneer adult stem cell to regrow not only a full-grown human being but one of a different gender than Adam

SYMBOLIC EXPLANATION

Of its many functions, a rib protects the heart and lungs forming a cage around them. God created Eve from that part of Adam's body that played a protective role. Just like a rib, God, in His beautiful wisdom, designed a woman to protect and support a man emotionally. A rib will allow itself to be broken before it can allow any damage to the most vital organs - heart and lungs. Maybe that's why women are considered to be emotionally stronger than men.

- Biologically God made man stronger than a woman (to protect her physically)
- Emotionally God made women stronger than a man (to protect him emotionally)

JESUS WAS REALLY SWEATING BLOOD!

<p>“And in His anguish, He prayed more earnestly, and His sweat became like drops of blood falling to the ground.”</p>	<p>Luke 22:44</p>
--	-------------------

For those who have doubts whether Yashu (Jesus) really sweated blood in the garden of Gethsemane this scientific fact will erase all your doubts.

Hematidrosis is a rare medical condition in which humans sweat blood through their skin. It usually happens under extreme and severe case of stress and anxiety. As the Bible states Jesus was in 'anguish.' The tiny blood vessels that feed the sweat glands dilate and rupture causing them to sweat blood from the skin.

HOW DID GOD SPLIT THE RED SEA?

The parting of the Red Sea has to one of the most dynamic miracles in the Bible. For those who doubt whether God really parted the sea, there is an interesting scientific explanation that proves that God indeed performed such a feat.

<p>“Then Moses stretched out his hand over the sea; and the Lord caused the sea to go back by a strong east wind all that night, and made the sea dry land, and the waters were divided.”</p>	<p>Exodus 14:21</p>
---	---------------------

Carl Drews, a software engineer and, who holds a Master’s degree in atmospheric and ocean sciences, has revealed that the winds can divide the water. His whole theory has been explained in detail in a journal article in PLOS One.

There is a coastal phenomenon called wind setdown, which is the drop in water level caused by strong winds allowing water to recede up and expose the seabed.

His research suggests that steady winds blowing at 63mph winds for 12 hours (whole night) could have swept the waters back though he contends that the location may not have been red sea but a nearby place in the Nile Delta region.

Even the supernatural miracles that God works, He does it within the natural laws that He has established.

If GOD could make a way by dividing a sea, HE can surely make a way for you

PSALM LED TO DISCOVERY OF OCEAN CURRENTS

Matthew Maury, the father of oceanography, discovered ocean currents inspired by Psalm 8:8, which were written 2800 years ago, “...**whatever passes along the paths of the sea.**” In his speech at the laying of the cornerstone for East Tennessee University in 1860 he said, “I have been blamed by men of science for quoting the Bible in confirmation of the doctrines of physical geography. The Bible, they say, was not written for scientific purposes, and is therefore of no authority in matters of science. I beg pardon! The Bible is authority for everything it touches. The Bible is true and science is true, therefore each, if truly read, proves the truth of the other.”

GOD’S KNOWLEDGE OF ASTRONOMY IS SCIENTIFICALLY PROVEN

Job is put to test because of a challenge between Satan and God. He suffers a lot; he thinks he is self-righteous and does not deserve such suffering. God then speaks from a whirlwind and asks Job several **scientific questions** on foundation of earth, astronomy, wild animals, and his other works.

In Job 38: 31-32, one of the questions God asks Job is: **“Can you bind the chains of the Pleiades or loosen the cords of Orion?”**

Pleiades

Pleiades is a cluster of stars also commonly known as Seven Sisters consisting of several hundred stars (around 250 blazing suns) as identified by astronomers. The most amazing aspect about this cluster is that while other galactic clusters drift apart, in this cluster, they are all bound together by some gravitational force and moving in the same direction in space.

Orion

Orion is a group of stars that that are moving away from each other with each star charting its own course and heading towards different parts of the universe. And as they are moving, the cords or Orion belt (gravitational forces), is becoming loose and are not holding the stars together anymore.

Job was told about this binding/unbinding astronomical feature by GOD Himself around 3500 years back.

If GOD can bind and unbind such huge star clusters, HE can bind and unbind anything in your life.

God further asks, **“Can you lead forth the Mazzaroth in their season...”** In the book of Enoch, chap 21: 7, Enoch describes, “And I saw the eighth heaven, which is called in the Hebrew tongue **Muzaloth, changer of the seasons**, of drought, and of wet...”

Mazzaroth

Mazzaroth is the Hebrew word for constellation or zodiac. A constellation's position in the sky changes with the seasons. In ancient times this helped people to keep track of the cyclical changes of seasons.

If GOD can lead the constellations during their seasons, He can surely lead us in the changing seasons of our life.

God continues, **“Or can you guide the Bear with its children?”** In the older Bible translations this verse is, **“Can you guide Arcturus with his sons?”**

Arcturus

Arcturus is derived from the ancient Greek word arktos, which means bear. Arcturus is an orange giant star 26 times the size of our sun and around 10 billion years old. The Arcturus stream is a moving group or stellar stream which includes Arcturus and additional stars which appear to be physically associated. God refers to this stream as ‘Arcturus with his sons.’

Our sun is travelling at only 12 and half miles per second whereas Arcturus is speeding at 257 miles per second. Imagine the speed and momentum, and yet it is not clashing with other stars or solar systems! Why? Because God is in control!

The size of your problem is nothing in front of the massive size of this star which GOD is coolly controlling.

GOD TALKS ABOUT SANITATION

Of all the passages in the Bible this passage really stands out. It's a topic you would never think somebody as Holy as God would speak about leave alone instruct Moses!

<p>"You shall have a place outside your camp and when you go out to it, you shall carry a stick and when you sit down outside, you shall dig a hole with it, and turn back and cover the excrement."</p>	<p>Deuteronomy 23:12-13</p>
--	---------------------------------

God tells Moses to not only set up a makeshift toilet outside the camp, but also to cover up human waste.

<p>"..Because YHWH your God walks in the midst of your camp to save you and to give up your enemies before you. Therefore your camp must be holy, that HE may not see anything indecent among you and turn away from you."</p>	<p>Deuteronomy 23:14</p>
--	------------------------------

If we expect God to literally walk in our midst and fight our battles, it's important to keep our surroundings clean and holy that includes the places where we live, work and pray.

From a scientific point of view we all know exposure to human waste can spread dangerous diseases and, even

today, faecal contamination of water sources accounts for majority of unsafe drinking water worldwide. God's emphasis on maintaining cleanliness is relevant even till today.

HE is not someone who created the world and then abandoned us to our fate. God is constantly at work, across ages, helping mankind find solutions in all areas for He is the Creator and Maker of us all. As Jesus puts it, "My Father is working still, and I am working." John 5:17.

SOME MORE EXAMPLES

Word of God	Verse	Proved by Science
Who stretched the lines upon earth?	Job 38:5	Imaginary lines of the earth such as latitude, longitude, equator, tropical lines, etc.
He hangs the earth on nothing	Job 26:7	Earth is indeed suspended in empty space
So that things which are seen are made up of things that are unseen	Heb 11:3	All visible matter consists of invisible atoms

GOD IS THE FATHER OF ALL SCIENCES

God is beyond Science. It is the Creator Himself who is gradually guiding, inspiring and opening up man's understanding and knowledge into scientific discoveries and research. He reveals His complex works in the simplest ways such that even a child can understand.

Though this e-book is all about scientific insights, I end it by an astounding example of faith. There are some incidents that even Science cannot answer.

CURE OF THE BLEEDING WOMAN

One such miracle is the woman who suffered from bleeding from 12 years. She touches the rim of the garment of Jesus with the thought: "If I just touch his clothes, I will be healed." And she gets instantly healed.

What is special about this miracle?

The most special thing about this miracle is that there was **NO healing intent sent to her**. In all the miracles that Jesus performed, he cured people by sending healing intentions towards them; by praying over them.

In this case he was not even aware of who touched him. All he knew was that power had gone out from him. He was in a crowded place surrounded by people who were jostling and pushing him.

Some may have even touched him. Yet, their touch did not cause his power to flow out of him. But this woman did not even touch his hand or feet. She only touched the edge of his garment.

But her thought was so powerful that it **moved** the **Father in Heaven** who **released** the healing power from **His Son** to flow out to her. When the woman owes up to her action, Jesus simply tells her, "Your faith has healed you."

Today, new age thinkers may call this miracle as law of attraction or power of manifestation. If this was true, we would all get what we want merely by thinking.

There is something deeper involved here. Your ability to move God who in turn moves miracles in your life.

Even your proximity to God does not matter. Lucifer was closest to God. Yet he became a fallen angel. What matters is your faith, loyalty and love for God.

**GOD IS TRULY INCREDIBLY & UNBELIEVABLY
GREAT!**

The Bible is way ahead of its time.

His Word will never contradict His works

It is a divine and scientifically sound holy book.

Written by the One whose intelligence is unfathomable

It will take many years for man to catch up with God
Once you scientifically probe God's creations you will
understand why praising God is so important. His
works are so wonderful and awe-inspiring

**GOD IS NOT ONLY GREAT
BUT HE IS VERY GOOD, KIND, & LOVING
TOWARDS ALL THAT HE HAS MADE**

Do stop, take time off your personal life and ponder
over HIS works!
